Dear Sir,

I am now undertaking my second renovation project using Greg Godby of R.G.Gregson. The first – a renovation of a 1920's unit in Bondi was a great success. The project was finished on time and within budget, with excellent craftsmanship and a happy client. We are currently underway on the renovation of a Federation house in Cammeray

I have never had a contractual or variation dispute with Greg. He invoices on a regular basis and in compliance with the contract. The workmanship of his team is of the highest order and his design and construction skills enable complex problems to be quickly resolved on site. His integrity is unquestioned.

I have no hesitation in giving him the highest recommendation.

Yours Faithfully,

David Humphries
Director
