Vaucluse NSW 2030

Dear Greg,

Just a quick letter to once again say thank you for the fantastic work done on our home.

We're both delighted, no make that absolutely thrilled, with the way the whole job was carried out. From our first meeting right through to completion, we have been impressed with each and every one of the tradespeople involved, the high standard of work carried out and the way in which we were consulted and kept informed throughout each stage.

Please pass on our thanks to all involved, and in particular Shane, who was a great representative for your company and so helpful all the way through.

Again, thank you - we hope to be in touch again soon for other work we intend to have carried out. Please find enclosed cheque for the final amount owing as per your invoice.

Best regards,

**Lucy & Charlie**
